

169 SUPPORTERS OF THE

“RALLY FOR MEDICAL RESEARCH HILL DAY”

WEDNESDAY, SEPTEMBER 18, 2013

More information at www.rallyformedicalresearch.org

Federal funding for medical research is in jeopardy, threatening the health of Americans. On September 18, 2013, a broad coalition of groups from the medical research advocacy community will meet with House and Senate offices in Washington, D.C., to urge Congress to make funding for the National Institutes of Health (NIH) a national priority.

Sponsoring organizations will join the Rally for Medical Research Hill Day to raise awareness during a critical time about the urgent need for a sustained investment in the NIH to improve health, spur more progress, inspire more hope and save more lives.
